

MODEL 31 - OPTIMUM LADY'S PROTECTION

Optimum Lady's Protection

The optimum coverage lady's vest provides front and back protection. These protective capabilities, combined with low weight, a high degree of comfort and mobility, have made this MARS Armor® vest preferable for female officers.

Protection

The ballistic body armor Model 31 has a restriction in the levels of protection, because of the specific female body structure: only available with II, IIIA, IIIA+, according to NIJ 0101.04 and their equivalents in the other international standards including NIJ 0101.06; Technische Richtlinie; HOSDB; GOST 50 744-95; STANAG 2920; MIL 662. The level of protection of the bulletproof vest from the mentioned standards is chosen by the customer.

Standard Features

- Elastic adjustment straps provide a firm and comfortable fit;
- Easy-care, dry-cleanable polyester or polyamide outershell;
- Specially designed ergonomic shape to fit the female body;
- Removable ballistic panels;
- Pockets for hard armor plates;

Options

- Custom sizes and colors.
- The model can be modified according to customer requirements.
